HarmonyClinics

Notification Regarding Radiology and Laboratory Services

Please be advised that if you receive any technical services such as x-rays and pathology, you will be billed the professional services by other providers as well. For example, your pathologist and radiologist (**those who interpret lab and x-rays**) bill separately from our clinic and may not participate in the same health plans as Harmony Clinics. You will be responsible for paying these providers subject to the terms of your health plan or insurance, if any. Additionally, Clinical Pathology Laboratories, INC., which is an outside laboratory, will bill for all lab services. If you have questions regarding these bills, please call the billing number located on the statement you received.
